Fold this up so the bottom corners of this paper touch the dots and staple it there. This will create a pocket for the votes to go in.

Fill out the information below then leave this with your roller coaster. Good luck.

Roller Coaster’s Name:

________________________________

Your name: ______________________ Physics Teacher: _______________ 

Partner’s name: __________________ Physics Teacher: _______________

Unique element: ____________________________________________

If you have a battery power device, describe what it does.
